# REPORT

OF THE

## IRISH LAND COMMISSIONERS

FOR

THE PERIOD BETWEEN THE 21ST OF AUGUST, 1890, AND THE 22ND OF  
AUGUST, 1891.

TO HIS EXCELLENCY LAURENCE DUNDAS, EARL OF ZETLAND,  
LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

### PART I.

#### REPORT OF COMMISSIONERS APPOINTED UNDER THE LAND LAW ACT OF 1881.

We, the Commissioners appointed under the provisions of the Land Law (Ireland) Act, 1881, beg to submit to your Excellency this Report of our proceedings during the twelve months ended on the 21st of August, 1891.

During the period under review, the staff of Assistant Commissioners consisted of Sub-Commissioners, eight legal and sixty-four lay Commissioners, each legal Assistant Commissioner having four pairs of lay Commissioners associated with him, and sitting in Court as chairman successively with one of these pairs. The farms were inspected by the two lay Assistant Commissioners by whom the evidence respecting them was heard.

The number of fair rent notices disposed of by the Sub-Commissions during the year Originating Notices was 17,115. Of this number 11,903 were cases of applications by yearly tenants, and 5,212 were applications by leaseholders.

The entire number of fair rent notices disposed of during the year was as follows:—

By the Commissioners as Courts of first instance, principally on consent,	1,049
By the Sub-Commissioners,	17,115
By the Civil Bill Courts,	1,270
Total,	19,434

The entire number disposed of, by both Land Commission and Civil Bill Courts from the date of the passing of the Land Law (Ireland) Act, 1881, to the 22nd August, 1891, was 216,216.

The number of Fair Rent Notices awaiting trial by the Land Commission on the 22nd August, 1890, was 24,495, and by the Civil Bill Courts 4,309.

The numbers similarly awaiting trial on the 22nd August, 1891, were:—

By the Land Commission,	9,780
By the Civil Bill Courts,	4,461

Judicial rents have been settled during the year by Court Valuers in 112 cases, and by originating declaration and agreement, under the provisions of the 8th section of Land Law (Ireland) Act, 1881, in 4,108 cases, of which 4,040 were filed in the Land Commission and 68 were lodged with the Clerks of the Peace of the Civil Bill Courts, 1 judicial lessee was executed, making altogether 4,221 cases which were settled during the year without litigation.

The total number of rents fixed by originating declaration and agreement, since the passing of the Act of 1881, up to the 22nd August, 1891, was 116,783.

The total number of rents fixed by Court Valuers during the same period was 1,806.

The total number fixed by arbitration was 37, and of judicial leases executed 121, and the number of fixed tenancies sanctioned was 28.

Rents fixed  
by Court  
Valuers, by  
arbitration,  
and by  
agreements

Lease-holders.	During the year ending 22nd August, 1891, the number of leaseholders who applied under the provisions of the Land Law (Ireland) Act, 1887, to the Court of the Land Commission was 609, and to the Civil Bill Courts was 491.
Total rents fixed.	By the 54 and 55 Vict., cap. 60, the period during which the Civil Bill Courts and the Land Commission were authorized to receive applications from leaseholders has been extended to the 31st December, 1892.
Appeals.	The entire number of rents fixed by all the methods enumerated from the passing of the Land Law Act in 1881 to the 22nd August, 1891, was 277,160, not including judicial leases and fixed tenancies. The number of cases struck out, withdrawn, or dismissed was 55,876.
	The total number of cases disposed of during the period under review, i.e., from 1881 to 22nd August, 1891, was therefore 333,185.
	1,946 appeals from the Civil Bill Courts and re-hearings from the decisions of the Sub-Commissioners were disposed of during the year by us, at sittings held on alternate weeks in Dublin and throughout the country. Owing to the illness and subsequent death of the late Mr. Justice Litton, some of the sittings of the Court were necessarily postponed. Sittings were also held in Dublin for the disposal of motions and other Court business.
	1,674 appeals were withdrawn, making a total of 3,620 disposed of during the year.
	The total number of appeals disposed of since the passing of the Act in 1881 to the 22nd August, 1891, was 33,438.
	The number of appeals lodged or reinstated during the year was 2,811.
	The total number of appeals pending on the 22nd August, 1890, was 6,412, and on the 22nd August, 1891, was 5,502.
	In the Report for the year ended the 22nd August, 1889, attention was drawn to the fact that not unfrequently when hearing appeals from the decisions of the Sub-Commissioner Courts, it appeared there had been a total neglect, on the part of the appellants, to produce any evidence, either oral or documentary, to show their reasons for objecting to the decisions of the Assistant Commissioners; and it was then stated that the frequency of such frivolous appeals much embarrassed the Land Commission in the administration of the Land Acts. We regret notwithstanding that statement, such a practice still prevails to a considerable extent; and it has again become our duty to protest against such a wanton waste of both time and money caused by such appeals to all concerned.
	We trust by thus again publicly calling attention to this matter, that more attention will be paid in future, before the appeal is prosecuted, to ascertain whether valid grounds exist for objection to the decisions arrived at by the Sub-Commissioner Court.
Total rental dealt with.	The total rental dealt with under the Acts of 1881 and 1887, during the ten years ending 22nd August last, was £5,729,153. The aggregate judicial rent fixed in respect thereof was £4,318,147, amounting to a reduction of 20·7 per cent., over the entire country.
	The total rental dealt with during the year under review was £487,277.
Labourers Acts.	Peculiarities are given by counties in Table XLVII.
	During the year orders were sealed under the Labourers Acts, fixing rent in 182 cases of applications from Bonds of Guardians. 289 orders fixing rents were made by one of the Commissioners, sitting in Chamber in Dublin. The total number of such rents fixed up to 22nd August, 1891, was 2,520.
	In Appendix LXIII, particulars are given by counties of the number of such applications received and disposed of, and the average rent payable in respect of these cottage allotments.
	Special Orders were made in three cases by the Sub-Commissioners for the erection or improvement of labourers' cottages, under the 19th section of the Land Law (Ireland) Act, 1881, making the total number of such orders 849 to the 22nd August, 1891.
	In addition to the orders under the Labourers Acts and to the orders made on appeal, there were 2,768 orders made in Court, either on notice or ex parte during the year.
	25,019 copies of documents were issued during the year from the Office of the Keeper of Records, in addition to which 13,430 folios of other miscellaneous documents were issued, for which the amount received from the public for scrivenery and other fees during the year amounted to £1,887.
Agricultural Statistics.	Five applications to set aside leases or grants under section 9 of the Act of 1887 were disposed of during the year.
	Considerable alterations have been made in the system of collecting agricultural statistics, resulting in greater economy and accuracy. All returns are compiled from actual transactions which have taken place.

The following information is supplied by competent persons specially qualified therefor :—

- (a.) Weekly reports of the live weights and prices of fat stock sold in the Dublin, Belfast, and Cork markets. (See Table LXXXVIII.)
- (b.) Frequent reports of the live weights and prices of store stock, sold in fairs. (See Table LXXXIX.)
- (c.) Frequent reports of the average prices of cattle, horses, sheep, and pigs, sold in many of the important fairs throughout Ireland. (See Table LXXX.)

Copies of the above returns are sent regularly to thirty of the principal agricultural and daily papers in the United Kingdom.

It is hoped that by the publication of the returns relating to live weights the interest in the system of buying and selling by live weight, which is already considerable, may be further developed.

Returns of the average weekly prices of agricultural produce, sold in Dublin, Belfast, Cork, Londonderry, Limerick, Waterford, Sligo, and Galway markets are supplied weekly by the Inland Revenue Department.

These returns are published quarterly. (See Table LXXXI.)

Under the provisions of the Seed Supply (Ireland) Act, 1890, the duties of advising and assisting Boards of Guardians in the purchase and distribution of seed potatoes was entrusted to Inspectors selected from this department.

Seed Potato Supply, 1891.

For this purpose a number of Assistant Commissioners and Reporters of prices at fairs were employed in January and February inspecting potatoes consigned to Boards of Guardians, previous to shipment at Scotch, English, or North of Ireland ports; inspecting potatoes on delivery and reporting thereon to the Boards of Guardians; assisting the Boards of Guardians in arranging for and carrying out the distribution of the seed, and advising the Guardians generally with regard to purchase, storage, and distribution. Every effort was made to prevent abuse of the provisions of the Act, and so far as possible each consignment was traced to its source; valuable assistance was afforded by the Royal Irish Constabulary in reporting arrivals and shipments of potatoes. The inspections carried out resulted in large quantities of potatoes being condemned as unfit for seed, or otherwise failing to come within the terms of contract.

One hundred and ten Boards of Guardians availed themselves of the Act, loans were approved of, amounting to £283,004 7s. 7d. 31,847 tons 3 cwt. of seed potatoes were inspected, 26,815 tons being approved of and 4,267 tons 14 cwt. being rejected; in most instances contractors replaced rejected seed with good seed. Large quantities of seed potatoes not included in the quantities given above were examined and wholly or partly rejected, at various stores and other places, previous to shipment, such examinations frequently being made at the request of the contractors. A table (see Table LXXXII.), is attached setting forth the quantities of each variety of potato purchased, and stating whether the varieties were of English, Scotch, or Irish growth.

This department also purchased and distributed a large quantity of seed potatoes for the Government among distressed occupiers in the western islands. Generally speaking the seed supplied to Unions has turned out satisfactorily. Imported seed will probably give better results in the season of 1892.

At the request of the Irish Government, arrangements were made for testing Tait and Buchanan's Patent Anti-Blight Powder, about twelve hundredweight of which was presented for trial by Messrs. Buchanan Brothers, of Glasgow. A detailed report of the experiments made with this powder has been published, the general result of the experiments, so far as can be judged from the conditions prevalent when the experiments were made, was not favourable to the use of the powder.

Experiments with Tait and Buchanan's anti-blight powder.

Potato disease having appeared very generally throughout Ireland in the beginning of August, a series of trials were also conducted with a view to testing the value of applications of a solution of sulphate of copper to the potato plant after the appearance of disease, as an arrestive of the further progress of the disease. The experiments proved conclusively that such applications are of little or no practical value for that purpose, once it has taken a firm hold on the crop. A full report of the experiments has been published.

Experiments with sulphate of copper solution.

A large number of leaflets, &c., relating to matters of agricultural interest issued by the Board of Agriculture and this department, were distributed to farmers applying therefor, in addition to which an illustrated diagram, with descriptive notes of the potato disease, was prepared for the Irish Land Commission by Mr. William Carruthers, F.R.S.; copies of this diagram were sent to each Board of Guardians and Court-house in Ireland for general information, and upwards of 1,000 copies were sold to the public.

Distribution of leaflets, &c.

## Forestry.

About 600 acres of the townland of Knockboy, County Galway, purchased by the Government for the purpose of planting, have been drained; fencing operations are now being carried on, and planting will be proceeded with in the early part of 1892. The works are superintended by a Forester and his assistant, for whose accommodation iron huts are being erected. The drainage and other reclamation operations have afforded a considerable amount of occupation to the poorer peasantry of this remote western district.

Markets  
and Fairs  
(Weighing  
of Cattle)  
Act, 1891.

Under the provisions of this Act the powers conferred upon the Local Government Board for Ireland, under section 9 of the principal Act of 1887, are transferred to the Irish Land Commission, together with the additional powers recently conferred upon the Board of Agriculture for Great Britain. Steps have accordingly been taken (see Table LXXXIII.) to call the attention of Market Authorities and others concerned to the necessity of immediately complying with the provisions of the Acts referred to, and the Market Authorities of Dublin, Belfast, and Cork, have been requested to furnish returns of the live weights and prices of cattle sold in those markets as prescribed by the provisions of the Act of 1891.

Tempo-  
ralities of  
the late  
Established  
Church.

The property of the late Established Church which was vested in us by the 44 and 45 Vic. cap. 71, has been administered by us during the year.

The 85th section of the Purchase of Land (Ireland) Act, 1891, places a capital charge of £1,500,000 with interest at the rate of 2½ per cent. per annum upon the Church Temporalities Fund. The interest is to be applied, subject to the provisions of that Act, by the Congested Districts Board which was created by the Act.

By payments made by us since the property vested the total liability has been decreased from £11,921,862 (including the £1,500,000 mentioned above) to £8,971,524.

The original debt of £9,000,000 for the purposes of the Church Act and due to the Commissioners for the Reduction of the National Debt has been reduced to £2,783,914. At the date of our last Report the amount due was £3,043,098.

Progress has been made in the investigation of liability of lands to tithe-rentcharge; 143 parishes, containing 1,272,277 acres, and subject to £28,281 annual rentcharge, payable by 2,331 persons, have been investigated and mapped during the past year.

In all 946 parishes, containing 9,551,655 acres, and subject to £176,206 annual tithe-rentcharge, payable by 17,035 persons, have been investigated.

## PART II.

REPORT OF COMMISSIONERS APPOINTED UNDER THE PURCHASE OF LAND  
(IRELAND) ACT, 1885.

We, the Commissioners appointed under the provisions of the "Purchase of Land (Ireland) Act, 1885," beg to submit the following Report to Your Excellency.

During the year terminating August 21, 1891, 4,526 applications were received for advances, amounting to £1,616,782, making the total amount applied for to that date £10,884,170. In addition to these applications we had pending before us 830 undertakings from tenants upon 38 estates for sale in the Land Judge's Court to purchase their holdings for sums amounting to £238,910 in the event of our buying these estates under the provisions of section 5 of the Act of 1885, or by intending purchasers in that Court.

Applications received.

Table LIII.

As these undertakings were contingent upon proceedings in the Land Judge's Court, and on circumstances over which we had not control, we have not hitherto included these cases in our returns of applications for advances until we had purchased the estates. Having regard to the limit of the funds at our disposal, under the Acts of 1885 and 1888, it became necessary that these contingent applications should be now taken into account. Adding, therefore, this sum of £238,910 to the £10,884,170, the gross amount applied for during the six years ending August 21, 1891, was £11,122,080.

In estimating the actual balance available to meet these applications, there is to be deducted, as representing applications refused, the sum of £967,877, which reduces the claims on the grant to £10,125,703, being £125,703 in excess of the amount voted by Parliament.

State of grant.

In this state of facts public notice was given, in pursuance of the 5th section of the Act of 1888, on the 22nd of August, that no further applications would be received except in the cases of agreements which had been signed before the 26th August, until there would be some undisposed of residuum of the grant available. The further agreements which were lodged after the 21st of August under this notice comprised applications to the amount of £223,835, which, when added to the amount applied for up to that date, makes a total of £349,538 in excess of the grant of £10,000,000.

All such applications can only be met out of such residues as may be created by the refusal of applications which have not as yet been ruled, or by the dismissal of applications in which the parties have failed to comply with our requisitions. These pending cases are now being investigated, and the applications recently lodged will be dealt with in the order of priority of their lodgment.

We are as yet unable to estimate how far the residues so to be created may be adequate to satisfy these applications, but we anticipate that there will be a considerable sum ultimately available therefor.

Applications refused.

The total number of applications refused on the ground of insufficiency of security or for other reasons was 4,366, the amount applied for being £1,679,201. In 1,802 of these cases, £711,824 having been first applied for, we subsequently sanctioned advances to the amount of £603,527. This leaves the sum of £967,877, as representing applications rejected at the close of the six years.

During the year under review we have provisionally sanctioned 4,813 applications for £1,595,727, making the total amount sanctioned during the six years ending 21st August, 1891, £8,902,840.

Loans provisionally sanctioned.

Of the amount so provisionally sanctioned we issued £6,928,134 to 16,788 purchasers, Loans issued. the amount issued during the year just closed being £1,169,897. The proceedings towards the issue of the sum of £1,974,706 (being the difference between the amount sanctioned and the amount paid) are now in various stages of progress.

B

## REPORT OF THE

Purchase  
of estates.

The total amount issued includes £248,475 advanced to 1,041 tenants upon 47 estates purchased by us in the Land Judge's Court, and, as before stated, we have applications pending in relation to the purchase of 38 other estates in that Court.

Classification  
of holdings.

Of the 4,526 applications received during the year, there were in respect of holdings—

Not exceeding 5 Acres.	Exceeding 5s. and not exceeding 10s.	Exceeding 10s. and not exceeding 20s.	Exceeding 20s. and not exceeding 30s.	Exceeding 30s. and not exceeding 40s. (a) The number of demands is the same as the number of loans.

(b) In several cases, owing to divisions or exchanges or the enlargement of existing holdings on the creation of new estates, the acreage contained in the agreements for sale was not apparently valued at the date thereof. In all such cases the Tenement Valuation has been omitted in this Return.

(c) The Rent stipulated in the Returns are the rents payable by the Tenants previous to the sale, except in a few cases where the Tenant agreed to pay rents which were to be paid by the Tenant previous to the sale, and in such cases the amount has been deducted from the rent previously payable by the Tenant.

LIII.—RETURN showing, according to Provinces and Counties, the Number of Loans applied for, the Number of Estates, and the Total Acreage, Tenement Valuation, and Rental of the holdings embraced in the applications, also the Total Purchase-money agreed upon, and the Amount of Loans applied for, during six years ended 21st August, 1891.

(a) The number of Tenants is the same as the number of LOANS.

(b) In several cases owing to divisions or exchanges or the amalgamation of existing holdings on the creation of new or other names, the lands comprised in the agreements for sale were not separately valued at the date thereof. In all such cases the Tenement valuation has been carried in the Return.

(c) The Rentals stated in this Return are the Rentals payable by the Tenant previous to the sale, except in a few cases where the Tenant agreed to provide subject to a Rent Rent, Ground Rent, Title Rent, or Drainage Charge, or other outgoing previously payable by the Landlord, and in such cases the outgoing has been deducted from the Rent previously payable by the Tenant.

LIIIA.—*RETURNS showing, according to Provinces and Counties, the Number and Amount of Applications received in respect of the Purchase for Re-Sale to Tenants under Section 5 of the Act of 1885, or by intending Purchasers of Estates for Sale in the Court of the Land Judge, during Six Years ended 21st August, 1891.*

(a) The number of Tenants is the same as the number of Loans.

(b) In several cases, owing to divisions or amalgamations, the enlargement of existing holdings on the occasion of sale, or other causes, the lands comprised in the agreements for sale were not separately valued at the date thereof. In all such cases the Tenement Valuation has been omitted in this Return.

(c) The Rents stated in this Return are the Rents payable by the Tenants previous to the sale, except in a few cases where the Tenant agreed to purchase subject to a Head Rent, Crown Rent, Tithes Rent, or Bridge Charge, or other outgoing previously payable by the landlord, and in such cases the outgoing has been deducted from the Head Rent previously payable by the Tenant.

TABLE LXXXIII.—

Irish Land Commission, Agricultural Department,  
24, Upper Merrion Street.

SIR.—I am directed by the Irish Land Commissioners to draw your attention to the following Clauses of the Markets and Fairs (Weighing of Cattle) Act.

MARKETS AND FAIRS (WEIGHING OF CATTLE) ACT, 1891.  
54 & 55 VIC., CHAP. 70.

See. 1. As from the passing of this Act the powers under section nine of the principal Act of the Local Government Board as to England and Wales and of the Secretary for Scotland as to Scotland shall be transferred to and vest in the Board of Agriculture, and the powers under the same section of the Local Government Board for Ireland shall be transferred to and vest in the Irish Land Commission.

See. 2.—(1.) The market authority of every market and fair to which the principal Act for the time being applies shall, unless exempted by order of the Board of Agriculture from the requirements of this section, provide and maintain to the satisfaction of the Board sufficient and suitable accommodation for weighing cattle.

(2.) Default in complying with the requirements of this section shall be deemed default in complying with the requirements of section four of the principal Act.

See. 5. This Act shall, in its application to Ireland, be construed as if the expression "the Board of Agriculture" were substituted for the expression "the Irish Land Commission."

Transfer of  
powers under  
Sect. 9 & 10 Vic.  
Sect. 27, s. 2.

A.D. 1891.

Accommodation  
for weighing  
cattle.

Application to  
Ireland.

## MARKETS AND FAIRS (WEIGHING OF CATTLE) ACT, 1887.

## 50 AND 51 VICT., CHAP. 27.

A.D. 1887.

## Interpretation.

Accommodation for weighing cattle to be provided.

Sec. 5. In this Act the word "cattle" includes ram, ewe, wether, lamb, and swine.

Sec. 6. In or near to every market or fair to which this Act applies, the market authority shall provide and maintain sufficient and proper buildings or places for weighing cattle brought for sale within the market or fair, and shall keep therein or near thereto weighing machines and weights for the purpose of weighing cattle, and shall appoint proper persons to have charge of such machines and weights, and to afford the use of such machines and weights to the public for weighing cattle as may be from time to time required.

The market authority shall have the accuracy of such weighing machines and weights tested at least twice in every year by the local inspector of weights and measures of and for the county, borough, or place where the market is situate, and the cost of such testing shall be borne by such market authority.

If the market authority fail to comply with the provisions of this section, it shall not be lawful for them to demand, receive, or recover any toll whatever in respect of any cattle brought to the market or fair for sale so long as such failure continues; but this enactment shall not apply till after the first day of January, one thousand eight hundred and eighty-eight.

Any person who demands or receives any toll in respect of cattle in any market or fair to which for the time being this Act applies, but in which the market authority have not complied with the provisions of this Act, shall be liable on summary conviction to a fine not exceeding five pounds.

Sec. 5. Every person selling, offering for sale, or buying any cattle in a market or fair provided with accommodation for weighing cattle may require such cattle to be weighed, and the tolls payable in respect of the weighing shall be paid by the person requiring the cattle to be weighed to the person authorized by the market authority to receive the tolls.

To meet the requirements of the Act it is necessary that amongst other matters the following accommodation shall be provided:—

1. One or more weighing machines of such capacity as to admit of several head of stock being weighed at one operation, if necessary, and so enclosed as to permit of cattle, sheep, and pigs being weighed with facility and safety.

2. A sufficient number of pens or other suitable enclosures for penning up stock about to be weighed: the pens or other enclosures to be so connected with the weighing machines for which they are provided that all stock can be readily moved from the pens to the weighing machines.

3. The weighing machines should be placed in as convenient a position as circumstances will permit for the accommodation of buyers and sellers of cattle, sheep, and pigs.

4. Regard should be had to the possible necessity for increased accommodation in the future.

Section 2 (Act 1891) having enacted that market authorities shall "provide and maintain to the satisfaction of the Irish Land Commission, sufficient and suitable accommodation for weighing cattle," the market authorities are advised that previous to providing weighing machines and the necessary accommodation for weighing live stock, they should inform the Irish Land Commission of the nature and extent of the accommodation which it is proposed to provide; and such information should be accompanied by plans drawn to scale, showing the size, description, and general arrangement of the weighing machines and enclosures connected therewith, together with full descriptive particulars thereof.

Market authorities are entitled to receive tolls as specified in the Schedule to the Act of 1887, namely:—

	Not exceeding
For every head of cattle other than sheep or swine,	Two pence.
For sheep or swine, every five or less number,	One penny.

Or such other amounts as may be authorized by the Local Government Board.

The special attention of Market Authorities is drawn to Clause 4 of the Act of 1887, and Clause 2 of that of 1891, by which it is declared to be unlawful for them to demand, receive, or recover tolls in the event of their failing to comply with the provisions of the Act.

In applying for Exemption Orders under Section 9 of the above Act, particulars should be given of the numbers of cattle sold, and of the total tolls received for each fair for the previous three years.

I am, Sir, your obedient servant,

JOHN H. FRASER.
